HELD:

SUBJECT	DISCUSSION	ACTION FOLLOW-UP DATE
Welcome & Introductions	President Pat Schroeder introduced herself and those present did as well. Some of the key points included networking, enhancing scholarly work, & networking to learn about the vital roles being done by members. An annual schedule of events was distributed to members (March –November).	
<p>Highlights of past two years for Delta Gamma Large</p> <p>Ongoing programming</p> <p>Nursing scholarship and research support /involvement annual research awards</p> <p>Rechartering of chapter</p> <p>Ongoing induction offering the honor of membership</p> <p>Professional networking</p> <p>Anticipation of the next years for DG at Large</p>	<p>Pat Schroeder updated members on some of the upcoming programming & joint chapter ideas:</p> <p>Induction was discussed with emphasizes on the record numbers of inductees this year. President Schroeder reviewed the schedule and provided an overview of what board members have been planning. Such as, holding a social gathering/meeting that involves a boat and meal. Date has not been finalized at this time; however members were reminded to check website and Facebook.</p> <p>As an at-large chapter we've discussed creating new traditions and one of the things we are moving toward is an annual awards event. In the past, excellence in nursing has been recognized. We are talking about creating a new set of awards reflective of both the Alverno, Marquette, and the community. Dates and awards are under development.</p> <p>We talked about both Marquette and Alverno sharing research and looking at places where we can collaborate. We anticipate that every year we will continue an annual calendar. Dr. Fehring asked about a research award. At this time it is under development and the research committee is working on this.</p> <p>At this time we are looking for members who are interested in running for board three positions as well as officer positions. Our board looks a little different now that we are an At-large chapter. President indicated that if there is any interest please let us know. Contact anybody who is on the board with your interest. President asked for feedback on any other activities on the current calendar provided to members. None mentioned by members. If not that that is all that we have at the meeting.</p> <p>Other announcements: The Building Bridges submissions have been extremely strong. Research is very timely and compelling and all members were encouraged to attend. Kathryn Schroeter presented President Schroeder with a Delta Gamma Greek letter bracelet.</p>	

SUBJECT	DISCUSSION	ACTION FOLLOW-UP DATE
	Meeting adjourned at 5:58 by President Pat Schroeder.	

Respectfully submitted,
